Hello All,

We are currently upgrading to CCB v2.6 with technical upgrade Go-Live on June 29th; afterwards we will begin our functional upgrade so we are currently evaluating the functional enhancements we would like to implement. We don't currently offer Budget Billing to our customers but are considering this as an option and would like some feedback for those of you that have implemented this at your utility. The services we currently offer are Water, Sewer, Solid Waste, Recycle and Stormwater and we have around 190K customers.

1. Services you offer that are eligible for Budget Billing?
2. Percentage of customers currently on Budget Billing?
3. Do you require the customer to agree to some type of Terms and Conditions in order to enroll?
4. What type and when are communications sent to the customer (letters etc)?
5. Do you require customers who participate in Budget Billing to also be on Auto Pay and/or Ebill?
6. Any lessons learned along the way?

Thanks in advance!
